

INSULATED PORTABLE TOILET EQUIPMENT

VIP-1

The self-contained VIP-1 is the perfect option if you wish to take up as little space as

Designed to meet Ontario Ministry of Labour standards, this hard walled unit can withstand harsh Canadian winters and is tough enough for any construction site.

Higher end models have always been known to provide amenities such as hot/cold running water and a flush toilet, so we have incorporated these amenities into our VIP-1.

Service is fulfilled on-site by our trained technicians. It includes cleaning the restroom, the removal of waste from the tank and restocking the supplies as required. We offer flexible service time frames to suit your schedule. Whether it is daily, weekly or monthly, you let us know! Our technicians document all service stops inside the unit for your review and convenience.

24/7 emergency service is available.
